

Women & More

A 'call' and 'walk' Experience

HOW TO GET READY EACH WEEK!

Each lesson has been developed and prepared to help you grow in one of the following six areas: your **relationship with God**, your role as **a woman**, as **a wife**, as **a mother** and **grandmother**, as a **homemaker**, and as **a friend** and **neighbor in your community**.

Because we learn more when challenged to think and be involved, the lesson sheets are for you to prepare your heart and mind by soaking in the Scriptures for that week's topic. You decide how much time that you need to spend in preparation, remembering that the Lord will always bless the study of His Word!

*The Bible is the only book
whose Author is always present
when it is read!*

Our speaker has given each lesson the following components to make it flexible and easy to “get ready” each week:

- ♥A title and brief explanation to give you an overview of what will be shared that day.
- ♥Three to five Scriptures to ponder and one key verse to memorize ahead of time.
- ♥Questions for you to contemplate and be prepared to address during mentor-group discussion.
- ♥Recommended reading for you to study the subject further.

Not only are you provided a little something to whet your appetite, but as you look up the Scriptures, a word, a phrase, or something that is connected to the topic may take you down a study trail. And as you cross-reference the verses, the Holy Spirit may bring something else to mind that would generate further study during the week.

So, look up the Scriptures, read, meditate, and come prepared to actively listen. Because foundation to everything that's going to happen in your life through *Women & More* is the Word of God impacting it!
