**The 'Link' Isn't Missing**

Worksheet 3: **September 18, 2014**—*God Is*

The term 'missing link' generally refers to the transitional fossils that would bridge one species to another in evolution. Be sure, what evolution supporters say and what is true are two different things. The 'link' isn't missing because the Link is God Himself; and *Who* links us but the *Truth*—Christ!

J. I. Packer
